# Outdoors with Jakub (S Jakubem v přírodě)

The children of today master computers, the virtual world and other modern technologies. No wonder that many adults complain that children are not interested in nature. But Jakub, the renowned angler and holder of many records, doesn't agree. This time he invites children to join him on an adventurous expedition in Czech nature. With him Lviček and Anička tour wonderful places, learn how to survive in extreme conditions, get to know the countryside, plants and animals. Jakub takes them to see his friends, each of whom has some interesting skills and lets the children have a try at them. And of course – as on every trip with Jakub – together they will catch a fish.
