A comedy about how you can't outrun your past, and how it's never too late for a fresh start. Famous actor Bořivoj Vojan turns up unannounced at a student film festival in a small town. Having bruised his ribs on the way, the conceited, ageing star grows increasingly frustrated by the minute because of the amateurish organisation, the dreadful food, and his accommodation with a scatterbrained old lady. To make matters worse, he finds himself facing an awkward encounter with a local, rather tipsy journalist. Meanwhile, tensions are running high among the students organising the festival.

A RUN-IN WITH FATE Když lumpa trápí pumpa

COMEDY

Jakub could have been a football star. As a youngster, he would wear the kit of a top-flight team and dream of making it into their starting eleven. However, his promising career was cut short by heart problems. Since then, he's been on medication, living on a disability pension, and lamenting his fate. Occasionally, he and his friend Josef steal and sell something, which doesn't sit well with Jakub's wife. But when Jakub is caught stealing mesh at the school attended by his two daughters, and is confronted by the headmaster himself, things take an unexpected turn. This comedy explores how sometimes we need either a major accident or great courage – or perhaps both – to make radical changes in our lives.

PLOT

A three-episode psychological drama about the lengths to which investigators are prepared to go to in order to catch and convict a criminal. A serial killer and a case where the statute of limitations is about to run out. An investigation that goes to the very fringes of the law. The main character in this miniseries is Josef, a detective ordered by his boss to conduct routine reviews of old unsolved murders as punishment for resorting to unofficial methods to catch a brutal killer. TRUE STORY

ONGOING
PLOT

The film is based on the extraordinary true story of one of the most scorned figures of Czech and European history, a Minister in the Protectorate government, Emanuel Moravec, and apostle of collaboration, betrayal and moral decay. The unsightly countenance of the bloated bald head with buggy eyes brings to mind a parody of a fiend taken from comics. We would expect that only a fool would fall for Nazi ideology... But when we take a closer look at Moravec's personality, we get a completely different picture: a refined, educated, rational man, who took words such as "fatherland, nation and democracy" deadly seriously.

Episode by episode the young detectives, led by classic-whodunnit-fan Petr Mikina and his classmates, expose the perpetrators of some serious criminal offences – smugglers of critically endangered, protected species of parrots, tortoises, reptiles, orchids and butterflies, as well as eagle-egg thieves and illegal tiger breeders. Each episode brings the children closer and closer to the head of a whole clan of villains, Benny Ryba – but they have no idea who Benny Ryba is or what he looks like. Dramatic and gripping detective work often puts the children in dangerous situations and in direct confrontations with dangerous offenders.

CURATORIUM Kuratorium

The documentary film maps a forgotten chapter of Czech history unknown to the vast majority of the Europeans. It explains the background and meaning of the Nazi-ordered and organized „re-education“ of the Czech youth under the leadership of the so-called: Curatorium for the Education of Youth in Bohemia and Moravia. Although the theme of youth „re-education“ in the Protectorate of Bohemia and Moravia is central in the film, the documentary helps the viewer to gain insight into the complexity of various shades of social life in a totalitarian system which knows more than just black and white colors of collaboration, resistance or pragmatic survival..

DEFENESTRATION 1618 Defenestrace 1618

A docudrama recounting the famous Prague event that sparked the Thirty Years' War. Three people thrown out of a window at Prague Castle. So began the bloodiest conflict Europe had then seen. Strange events took place on 23 May 1618 at the seat of Czech kings, Prague Castle: representatives of the Czech Protestant estates, who had come to the offices of the Czech chancellor (representing the Catholic king), attacked two of the king's top officials and flung them out of a castle window. This incident sparked the Thirty Years' War, the largest military conflict in history until the major wars of the 20th century.

ENDANGERED AMAZONIA Ohrožená Amazonie

The biologist and traveller Jan Dungel's years of knowledge of the South American rainforest gave rise to the idea of reporting on the worrying changes in the Amazon and documenting natural areas that may be impossible to film in a few years' time. He experienced places virtually unknown to the public, gained the trust of the Indian inhabitants, and is involved in monitoring jaguars and research into unknown wildlife. His expedition documented how the Orinoco and Amazon basins are connected. The three-episode travel and nature documentary series is a heartening account of projects carried out by scientists and locals to tackle the situation.

IN THE SERVICE OF KINGS Ve službách králů

The Starokladrub horse is intended for the carriages of the highest social elites. A horse that has been bred for centuries to serve in the courts of emperors, kings and popes. It happened that when the monarch went to visit another state, these horses were a suitable gift for such an occasion.

Breathtaking stories of horses that travel from their birthplace in Kladruhy nad Labem to the Nordic kingdoms to fulfill their historical role there. The Queen of Denmark names her new horse Avanti. We map everything that preceded his first meeting with the queen over the course of two years. Even the Kingdom of Sweden uses historically white horses, on which the Royal Horse Guards ride today. The documentary brings a fascinating insight into the history of horse breeding of the Habsburg dynasty and their current use in the royal courts.
