

CZECH TELEVISION PRESENTS VIVID SERIES
PROVING THAT PLAYING A MUSICAL INSTRUMENT
DOES NOT HAVE TO BE A TROUBLE

Philharmonic in the Street

Filharmonici na ulici

Philharmonic in the Street

Filharmonici na ulici

An educational and amusing series in 18 parts for children, about music and musical instruments which are the core of every orchestra but are also played as solo instruments and used by chamber ensembles. One instrument is introduced in each part. Some of them are popular among street performers, and so we can see them at places where we would never expect to find them (streets, town squares, parks etc.). The outstanding performance of the musicians will easily convince us that not only modern music can be made attractive and presented untraditionally, and it's not only electronic instruments which are "in" nowadays...
