TEETH BEWITCHED TO GET HITCHED

TEETH BEWITCHED TO GET HITCHED (Bezva zuby na zásnuby)

What happens when you wake up with a swollen face, your new girlfriend and her daughter are getting ready to hook you up with her family for the first time, and you have to go to a dental emergency? The anesthesia is not working, your new future father-in-law, who is almost the same age as you, is already impatiently waiting in your living room and the doctor is still adding more anesthesia. You have little chance to explain that you haven't had a stroke because of your age and you want to marry their daughter for love, not for her to wipe your drool.

Crazy comedy about what can go wrong with a trivial health problem.
